 About Collabora LibreOffice Online.....
 Credits.....

Welcome

This demo will allow you to try out LibreOffice Online snapshots, upload new documents, share them and edit them (alone or in a team). To start to upload files, please keep the following in mind:

- Don't upload any private or sensitive information! Session management and testing reasons, so when you use this demo, documents are not saved. A set of test-files is already uploaded for you, ready to be used.
- This demo is running on our servers, which will be upgraded from time to time. Because you'll be able to try out the latest edition, with new features, your data may get eaten!
- The service may disappear at any time.

Docker images free for up to 20 users

About Collabora LibreOffice Online

With LibreOffice Online you can collaboratively edit office documents directly in any modern browser.
